## INTERCOLLEGIATE BASIC SURGICAL SKILLS (BSS) COURSE

This course is developed and quality assured by the Royal College of Surgeons, UK: [www.rcseng.ac.uk/courses](http://www.rcseng.ac.uk/courses).

The BSS is a two days course designed to introduce surgical trainees to safe surgical practice within a controlled workshop environment. It aims to teach the correct basic surgical techniques, assess and certify the ability of trainees by providing a structured curriculum that is common to all forms of surgery. **This course is highly useful for preparation of MRCS examination and provides assessment and certification by the Royal College of Surgeons.**

The Course covers the following three main areas:

- **Open surgery**
  - Understand and practice safe operating techniques, gowning and gloving.
  - Understand the characteristics and handling of surgical instruments.
  - Understand and practice the correct techniques for laying safe surgical knots.
  - Understand the principles of handling tissues and recognize differing requirement for differing sites(e.g. skin, bowel, abdominal wall, vessels and tendons)
  - Understand the principles of assessment and primary surgical management of infected and contaminated soft tissues.
- **Electro surgery**
  - Understand the principle behind the practical and safe use of electrosurgery device.
- **Endoscopic surgery**
  - Understand the differences between open and endoscopic surgery including the manipulation of instruments in a three dimensional surgical environment while viewing a remote two- dimensional image.
  - Practice visuospatial awareness involved in depth cueing and the 'fulcrum' effect of instrument manipulation.
