Emergency Neurological Life Support (ENLS) Course

ENLS is an educational program of 14 distinct modules designed to help healthcare professionals improve patient care and outcomes during the critical first hours of a patient's neurological emergency.

ENLS demonstrates a collaborative, multi-disciplinary approach and provides a consistent set of protocols, practical checklists, decision points, and suggested communication to use during patient management.

This upcoming ENLS course is an instructor-led training session that offers a robust introduction to each course topic through instructor-led classroom training and participants can earn up to 15 AMA PRA Category 1 Credits™.
