

## **Office Operative Hysteroscopy workshop**

Symbiosis Centre for Health Skills (SCHS) conducted Office Operative Hysteroscopy workshop on 04 April 2021. This workshop was supported by Medtronic .

The Office Operative Hysteroscopy workshop had a group of 26 delegates consisting of Obstetricians & Gynecologists. Dr Milind Telang was the Course Director for the course.

Live demonstration of cases was performed by **Dr Milind Telang, Internationally acclaimed Hysteroscopic Surgeon**, with practical guidance and training to perform hysteroscopic procedures using tissue retrieval system (TRUCLEAR) safely and efficiently in the office setting .

This was followed by hands on training in skills lab. At the end of the course, the participants gained confidence about office hysteroscopy & perform procedures for intrauterine tissue retrieval (polyps, fibroid and RPOC).
