

Symbiosis Centre for Health Skills, Pune
Post Graduate Diploma in Healthcare Simulation and
Interprofessional Education and Practice
Programme Structure 2024-25

1.	OBJECTIVE	This one-year program is designed to equip healthcare professionals with advanced skills in healthcare simulation and provide with an in-depth understanding and practical experience in interprofessional practice through simulation-based learning. Participants will engage in a series of modules that cover various aspects of simulation design, implementation, and evaluation. The course aims to enhance participants' ability to use simulation as an effective teaching and learning tool in healthcare education and aims to enhance participants' ability to work effectively in interprofessional teams, ultimately improving patient outcomes.
